# AUTHOR'S NOTE

I didn't write this book to impress anyone. I wrote it because **I needed it.**
I needed the fire. I needed the reminder. I needed the wake-up call.

And maybe… so did you.

This isn't a story of someone who had it all figured out. It's the journey of someone who **refused to give up,** even when life was breaking bones and faith was all that was left.

You're holding these pages because there's a **calling inside you** that won't shut up. A voice that says,

"There's more.
You were built for more.
Now go get it."

So if you've ever felt forgotten, underestimated, or stuck in a life that feels too small for your soul — this book is your mirror, your battle cry, your blueprint.

I wrote it for the beast inside you.

Let this be the start of the moment when everything changed.
— Francis Louie

# PROLOGUE: BEFORE THE UNLEASHING

They'll tell you to believe in yourself—but what they won't tell you is what it costs.

No one sees the nights you cry alone, the weight of dreams so heavy they feel like curses. No one hears the screams trapped inside your chest when the world keeps slamming doors in your face. But I do. I've lived it.

This isn't some sugarcoated, Instagrammable fairytale. This is for the ones who've been stuck, broke, doubted, overlooked. The ones who've been told to shut up, give up, or grow up—but never to rise up.

Let me tell you what they won't:
**You don't need approval to unlock your power.**
**You don't need permission to believe.**
**You don't need a perfect past to build a future that breaks limits.**

You just need a spark—and a decision.
To stop waiting. To start moving. To **unleash**.

This book isn't about me. It's about *you*.
Your story. Your fight. Your roar.
I'm just here to remind you what's already inside.

So if you're tired of holding back…
If the system's slow, the people around you are silent, and your vision feels too big to say out loud—

Good.
You're exactly where greatness begins.

Now turn the page, beast.

Your limits don't stand a chance.

# CHAPTER 1: A WHISPER IN THE STORM

Somewhere between silence and chaos, I heard it—a whisper. It didn't come from the world. It didn't come from anyone around me. It came from deep inside... that space in your soul where truth waits patiently until you're ready to hear it.

The storm around me was real.
No money. No direction. A mind clouded with doubt, and a body exhausted from fighting battles no one knew I was in.

People saw me standing, but I was sinking.

Every day felt like survival. Not living—*surviving*.
You know what that feels like? Waking up with the same problems, the same noise in your head, the same demons chasing you down. People scrolling past your pain like your existence is just background noise.

But there was something else inside me. Faint. Barely breathing. A whisper.
It didn't scream. It didn't demand attention. It just said:

> *"You're meant for more."*

I ignored it at first. Because who the hell was I to be chosen? I was nobody.
But that whisper didn't quit.
It kept coming every time I wanted to give up.
When my bike broke down and I couldn't afford parts.
When the people I loved slipped through my fingers.
When dreams felt like jokes and hope felt like a scam.

It whispered again.

> *"You're not crazy. You're just early."*

That's the thing about visions—they arrive before the world is ready.
You'll see it in your head long before you see it in your hands.
And you'll suffer for it. Because carrying a dream is like carrying fire—it'll burn you before it lights your path.

But I held on.

And that whisper?

It started to get louder.

🔥 **Reader Callout:**

**What's whispering inside you right now?**
A business you want to start? A story you want to write? A place you want to go? A life you know you're meant to live?

Don't silence it.

Because if you ignore the whisper long enough, it becomes regret.

But if you listen?

That whisper becomes a war cry.
